She has no idea why, and the mods didn't give any sort of reason.

"The message just says I can't post anymore because I've been banned permenantly."

That's what she told me.

Ok, this random banning is getting to be an issue. Fatey didn't do ANYTHING.

There have been multiple cases of permabanning that turned out to not really be permabanning

Otherwise, mods, can we have a reason why?

That... makes no sense. Fatey's careful, she wouldn't do anything warranting a *permaban*.
Fatey, if you're reading this, and if you haven't done it alread, email the mods ASAP. They should be able to either tell you why or fix it, probably the latter because it's probably a glitch. Or something.
